

CONTEC®

CT 200®

CT 200® Multi-Prep System

Quality, reliability and high performance in one cost effective package.

- Dust free operation with integrated dust port
- Robust, precise construction
- Height adjustment by hand wheel and quick lift lever
- Proven reliability and quality
- Comprehensive range of cutters
- Long life cutter drum assemblies
- Standard "V" belt drive

Applications include:

Surface texturing, Scarifying, Planing, Grooving, Cleaning, De-scaling, and Removal of road markings

CT 60

The CT 60 Edger is the ultimate problem solver when used as an integral part of the CT 200® Multi-Prep system. It is engineered to prepare substrates to within a few millimeters of the wall.

Utilizes the same quality tooling as the CT 200® Multi-Prep system.
